

GERBER®

RECYCLING PROGRAM

WHAT YOU CAN RECYCLE

Check for a local recycling solution

See the picture above for examples of what you can send in through this program. Then, when you are finished with your baby food packaging, such as flexible or rigid plastic packaging, shrink labels, and flexible plastic pouches, send them to TerraCycle® to be recycled. Please do not send in any glass, basic #1 and #2 plastics (such as plastic lids and containers), aluminum or any other municipally recyclable packaging unless you are unable to find local recycling solutions. Shrink labels must be removed from plastic containers prior to shipping.

Gerber Recycling Program accepts:

All baby food packaging, including flexible plastic pouches, plastic lids, plastic shrink labels, plastic containers, and flexible plastic packaging.
